

**LOS ANGELES PACIFIC**  
UNIVERSITY

## Bachelor of Science in **HEALTHCARE ADMINISTRATION**

### ABOUT THE PROGRAM

A Bachelor of Science in Healthcare Administration will prepare students for leadership roles in one of the fastest-growing fields. With a comprehensive curriculum that covers essential aspects of healthcare management, policy, finance, and ethics, graduates will be well-equipped to drive improvements in healthcare delivery and organizational performance. As healthcare continues to evolve, the skills and knowledge gained from this program will enable graduates to make a significant impact on the quality and efficiency of healthcare services, ultimately contributing to better patient outcomes and a more effective healthcare system.

### CAREER OPPORTUNITIES

Graduates of the BSHA program can pursue a variety of careers within the healthcare industry, including:

- Hospital or Nursing Home Administrator
- Clinic Manager
- Health Planner
- Health Policy Analyst
- Healthcare Financial Manager
- Insurance Claims Adjuster

### Highlights

- Understand the intricacies of healthcare systems and the regulatory environment
- Apply principles of healthcare management to improve the efficiency and effectiveness of healthcare delivery
- Analyze healthcare data to drive decision-making and implement quality improvement initiatives
- Manage healthcare finances, including budgeting, reimbursement, and financial planning
- Lead and manage healthcare teams
- Ensure compliance with healthcare laws and ethical standards
