## PRE-NURSING HEALTH SCIENCES COURSEWORK

### ABOUT THE COURSEWORK

Pre-Nursing coursework at LAPU offers students the opportunity to complete science and lab courses that are required by most nursing and health-related degree programs. Integrating core science subjects with a Christian worldview, along with lab experience, these courses can fulfill nursing prerequisites and help students on a path to various careers in the healthcare field.

### CAREER OPPORTUNITIES

Students completing the pre-nursing health science coursework often pursue further studies in nursing and other health professions.

#### Highlights

- Prepare for advanced studies in nursing and professional programs in health care
- Complete lab experience and requirements without visiting a formal laboratory
- Integrate a Christian worldview
